ECE Department Merit Scholarships

History:

The ECE Department Merit Scholarships were initiated in 2006, as a result of generous donor gifts to the department, in order to attract and retain the highest quality students to the Electrical and Computer Engineering Program.

Purpose:

The purpose of the ECE Department Merit Scholarships is to recognize excellence in student performance in the ECE program. In particular, the ECE Department Merit Scholarship(s) will be awarded to the ECE student(s) whose efforts have contributed to enhancing the positive image and reputation of the ECE Department.

Eligibility:

Eligible students must be majoring in electrical and computer engineering at VMI, and must have completed at least one semester in the ECE program at VMI.

Award:

One or more scholarships, of amounts varying between $500 and $2500 will be awarded at the beginning of each academic year.
