Cadet Responsibilities in Advising

1st classmen

- Maintain knowledge and practices gained as second class cadet
- Determine life and career goals beyond VMI
- In the Fall, research eligibility for 10 hour rule, if interested
 - Review Program Evaluation after Spring registration but prior to add/drop deadline
 - Establish alternate plans or alternate time line if initial life and career goals can not be immediately achieved

2nd classmen • Maintain knowledge and practices gained as third class

- Research possible career tracks for individuals with degrees in Your major
 - Declare a double major if
 - Review entire Program
- Evaluation
- Investigate possible internships Complete the Application for Graduation form

3rd Classmen

- Assume responsibility for academic and career goals
- Check specific departmental requirements and pre-requisites
- Be aware of opportunities for double major, minor, and UG research
- Be aware of educational opportunities outside of VMI
- Contact advisor to verify academic progress
- Calculate GPA
- Check Academic Standards
- Know how study abroad opportunities can impact degree progress

4th classmen

- Attend all Rat Advising Lunches and other advising meetings
 - Check and respond to emails from advisor and/ or instructors
 - Consult with dyke for helpful suggestions on excelling academically
 - Be aware of 52 workshops which will enhance your skills

Faculty advisors are the primary contact for information related to your academic requirements. Meetings are more productive if you plan before you go.

Major McKelvey, Coordinator of Academic Advising
